

Ordering Information

Sensor Developments offers the following forms of payment for its services: Visa, Mastercard, American Express, purchase orders, wire transfers, and letters of credit. A credit reference is required for new customers.

Visa, Mastercard, American Express

When purchasing by credit card, please provide the following information: Name, as it appears on the card, number, and expiration date. You will be given an approval number for your records when the number is processed.

Purchase orders

When purchasing with a purchase order, please provide the following information: Bill to, ship to, purchase order number, model and quantity, a brief description, total amount, phone and fax number, and a purchasing contact. If you are a new customer, please include a credit reference sheet. If you do not have an established form for credit references, we can supply one.
